Subject: Updated Status of Progress Report for DOE Office of Science Continuation Funding
Date: Wednesday, June 26, 2024 3:50:55 PM

This message was sent from a non-UWYO address. Please exercise caution when clicking links or opening attachments from external sources.

The Office of Biological & Environmental Research within the Department of Energy (DOE) Office of Science has concluded its technical evaluation of the progress report for the award described below:

Award Number: DE-SC0024161
Institution: University of Wyoming, Laramie, WY
Principal Investigator: McCoy, Daniel
Award Title: Creating the framework for the next generation Energy Exascale Earth System Model (E3SM) at PROCEED (Perturbed physics ensemble Regression Optimization Center for ESM Evaluation and Development)
Award Type Under Consideration: Grant
Award Term Under Consideration: 24 months
Budget Period Under Consideration: 09/01/2024 to 08/31/2025

The DOE makes no commitment and assumes no obligation with this letter. Only an award document signed by the appropriate official obligates DOE to support a project.

Do not make any public statement about the possibility of receiving an award until your institution receives a signed award document.

If an award is to be made, the Office of Science - Chicago of the DOE will be in contact with the appropriate business representatives at your institution to administer that award.

Thank you for your involvement with the DOE Office of Science. We look forward to continuing to work with you.

Sincerely,
Xujing Davis
Program Manager, Office of Biological & Environmental Research
